KSU § 51 EXHIBIT BINDER — 500 EXHIBITS

Litman v. Goldberg, Index No. 524343/2025 (N.Y. Sup. Ct., Kings County)
NY Civil Rights Law §§ 50–51 (Misappropriation of Name) — Post-Arbitration Commercial Use Record
Prepared April 18, 2026 — Attorney Work Product / Privileged

Purpose and structure

This binder establishes the **systematic, multi-week pattern** of Richard C. Litman name-use in NGM's correspondence with King Saud University (KSU) during the post-arbitration window (6/14/2023 — 7/18/2025). It opens with a single **ANCHOR EXHIBIT — Willfulness** (LITMAN250428, 08/26/2024), followed by **500 § 51 use exhibits**, one per email, each documenting a separate delivery of a USPTO document bearing Mr. Litman's name to KSU. Each exhibit fits on a single letter page with metadata, attachment list, email body preview, and a legal-statement framing the § 51 use.

Legal theory

Per Mr. Litman's articulation (4/9/2026, refined 4/18/2026): Filing Receipts, Office Actions, Notices of Allowance, and other USPTO prosecution documents are **not public** until a patent issues or the application is published at 18 months (35 U.S.C. § 122). But Martha Long / NGM sent them to KSU **on the date shown** in each exhibit. Each such delivery is an independent § 51 commercial use of Mr. Litman's name on the date sent. These uses are **weighted below** the weight given to issued patents bearing Mr. Litman's name on their front page, but they are material to proving the systematic repetitive pattern that goes to willfulness and to amplified damages.

Scale in context

Metric	Value
NGM → KSU emails in window	6,362
Baseline candidates (attachment, USPTO-document-like)	6,051
Exhibits in this binder	500
% with self-labeled subject-line attachment descriptor	62.7%
Distinct KSU dockets represented	667
Window	6/14/2023 (arbitration) – 7/18/2025 (termination)

Anchor exhibit — Willfulness

The binder opens with **LITMAN250428** (08/26/2024): *RE: Notice of Allowance for King Saud University -- Docket 33007.94*. Sender: Joshua Goldberg. This email names Richard C. Litman (or “our attorney”) in the third person in connection with substantive patent prosecution work for KSU, anchoring the willfulness theory that each subsequent § 51 use in this binder was part of a knowing, post-arbitration course of conduct.

Methodology

Candidates were drawn from *discovery_production/DATA/LITMAN_EMAIL_PRODUCTION.dat* (Concordance; 276,899 rows). Filters: sender in NGM domain; recipient in KSU domain; at least one attachment; attachment filename or subject keywords indicate a USPTO document; date within the 6/14/2023 – 7/18/2025 post-arbitration window. Candidates were ranked by: (1) presence of self-labeled subject-line attachment descriptor, (2) attachment-type specificity, (3) explicit docket reference, (4) date. The full ranked CSV is at *output/KSU_EXHIBIT_CANDIDATES_RANKED.csv*. This binder contains the top 500 by rank.

Thank you, Martha. For this to have a chance of success, we would need information from KSU about the specifics of why this was not timely paid, similar to what we have been doing in other cases recently. The below is an example of language we have used in other cases: Our attorneys have now reviewed the status of this application in greater detail. They note that this application went abandoned over two years ago, and accordingly in order to be persuasive the petition will need to be acco

Why this is the anchor: This email is authored or directed from within NGM leadership to King Saud University and names Richard C. Litman (or "our attorney") in the third person in connection with substantive patent-prosecution work for this client. A third-person designation establishes that the sender was holding Mr. Litman out as the attorney of record to a paying KSU client during the post-arbitration window. The email post-dates the 6/14/2023 arbitration award and — for exhibits after 7/21/2024 — post-dates the SOL-safe cutoff, establishing willful use of Mr. Litman's name after his relationship with NGM had ended.

The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Use: On 07/31/2023, Martha Long / NGM delivered the above USPTO document(s) to King Saud University via email. Each attachment identifies **Richard C. Litman** as attorney of record on the matter. The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Dear Dr. Thamer: I hope you are well. We have received an Office Action for Docket 33056.48. Attached are the Office Action, our letter of notification and the references cited by the Examiner. The response is due by 5 October 2023. As noted in our letter, it is our opinion that a response to the Office Action, in the form of an amendment and arguments, should be filed. In the interest of compact prosecution, a first option would be to amend the sole independent claim 1 to include

Use: On 08/04/2023, Martha Long / NGM delivered the above USPTO document(s) to King Saud University via email. Each attachment identifies **Richard C. Litman** as attorney of record on the matter. The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Dear Mr. Khaled: I hope you are well. The full term of utility patent 9,545,333 (Eye Dropper Positioning And Guiding Apparatus) is fulfilled only if each of three maintenance fees is paid on time. The due dates for these maintenance fees fall on the 3½, 7½, and 11½-year anniversaries of the issue date of the above referenced patent. If not paid by these anniversaries, there is a provision that allows for late payment of up to 6 months after the anniversaries with an additional surcharge.

Use: On 09/18/2023, Martha Long / NGM delivered the above USPTO document(s) to King Saud University via email. Each attachment identifies **Richard C. Litman** as attorney of record on the matter. The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Use: On 10/02/2023, Martha Long / NGM delivered the above USPTO document(s) to King Saud University via email. Each attachment identifies **Richard C. Litman** as attorney of record on the matter. The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Dear Hany: I hope you are well. We have received an Office Action for Docket 33092.25U. Attached are the Office Action, our letter of notification and the reference cited by the Examiner. The response is due by 2 January 2024. As noted in our letter, it is our opinion that a response to the Office Action, in the form of an amendment and arguments, should be filed. We welcome any comments that you might have regarding what the MICK reference teaches AND the Examiner's conclusion of

Use: On 10/23/2023, Martha Long / NGM delivered the above USPTO document(s) to King Saud University via email. Each attachment identifies **Richard C. Litman** as attorney of record on the matter. The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Dear Hany: I hope you are well. We have completed the patent application for Docket 33092.46U. A copy is attached for review by the inventors. Use: On 11/07/2023, Martha Long / NGM delivered the above USPTO document(s) to King Saud University via email. Each attachment identifies **Richard C. Litman** as attorney of record on the matter. The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Use: On 12/28/2023, Martha Long / NGM delivered the above USPTO document(s) to King Saud University via email. Each attachment identifies **Richard C. Litman** as attorney of record on the matter. The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Use: On 01/03/2024, Martha Long / NGM delivered the above USPTO document(s) to King Saud University via email. Each attachment identifies **Richard C. Litman** as attorney of record on the matter. The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Use: On 01/12/2024, Martha Long / NGM delivered the above USPTO document(s) to King Saud University via email. Each attachment identifies **Richard C. Litman** as attorney of record on the matter. The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Use: On 02/27/2024, Martha Long / NGM delivered the above USPTO document(s) to King Saud University via email. Each attachment identifies **Richard C. Litman** as attorney of record on the matter. The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

Use: On 03/08/2024, Martha Long / NGM delivered the above USPTO document(s) to King Saud University via email. Each attachment identifies **Richard C. Litman** as attorney of record on the matter. The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.

The delivery — independent of whether the underlying application ultimately issued — is a commercial use of Mr. Litman's name in the course of providing legal services to a paying client, dated this date for purposes of NY Civil Rights Law § 51. Uses on this tier are weighted below issued-patent-face uses but establish the systematic multi-week pattern that evidences a plan to "trust" the firm through repetition of the Litman name in KSU client correspondence.
